Newsprint Prices Also Are An Issue

Canadian Press
 Quebec, April 8.—Conference between Premier Mitchell F. Hepburn of Ontario and Premier L. A. Taschereau of Quebec will be held following prorogation of the Quebec Legislature, Mr. Taschereau announced today. Purpose of the conference was not stated.

Possibility was seen, however, that hydro contracts with Quebec power companies would be one of the topics for discussion. Prediction was also made in parliamentary circles here that newsprint prices would be considered in the hope of clarifying the position of the newsprint industry. Where the conference will take place was not disclosed, but the belief was it would be in Toronto.

A bill now before the Ontario Legislature would, if passed, declare the hydro contracts void.

JOSEPH HUNTER PASSES AWAY

Pioneer Legislator, Railroad and Mining Engineer, Came Here in 1864

One of the most picturesque and colorful pioneer figures of British Columbia passed away early this morning in the person of Joseph Hunter, who during his seventy years in this province carried the role of civil engineer and surveyor, legislator, railway manager, mining engineer and coal operator.

Mr. Hunter died this morning at his home, 614 Government Street, where he had resided for fifty out of the sixty-five years he had lived in this city.

PIONEER LEGISLATOR

For sixteen years Mr. Hunter sat in the British Columbia Legislative Assembly, and for four years was chairman of the Committee of Supply and Deputy Speaker. He entered the House the first year after Confederation and, was probably the only survivor of that historic session, who used proudly to recall that he was the only man who ever asked twice to move the reply to the speech from the Throne.

Mr. Hunter was born in Aberdeen, Scotland, nearly ninety-four years ago, of a long race of rugged Scotsmen, from whom he inherited the many qualities which adorned him, so well throughout his long and successful career.

He was educated in the Grammar School and Marlborough College, Aberdeen, and served his apprenticeship as civil engineer and land surveyor. After completing his apprenticeship he was engaged in railway work, surveying, building, etc. Part of his (Turn to Page 2, Col. 4)

SIX KILLED BY RACING CAR

Nineteen Injured When Speeding Auto Hits Crowd in France

Associated Press
 Chateaux-Thierry, France, April 8.—A racing automobile, gone suddenly out of control, hurtled into a crowd of spectators here yesterday, killing six and injuring nineteen.

The driver, a man named Ottaviano, was only a few seconds behind the leader in a road race when the sudden application of his brakes caused his speeding machine to leap from the track.

The car struck a tree, bounced back on the highway and shot into the crowd.

Two children and a man were killed outright. A woman and two boys died later in a hospital. Most of the injured, some of whom to-day were in a critical condition, were struck in the legs by the low moving car. Surgeons performed several amputations in an effort to save the lives of the injured.

Chateaux was not hurt.

BUCHAN LOOKS AT DOMINION

Governor-General-designate Believes Canada on Eve of Great Social Developments

Canadian Press
 London, April 8.—In an interview in The Sunday Times of London, John Buchan said in his opinion "Canada is on the eve of social developments of a far-reaching character."

"We in Britain have been undergoing these social changes for many years, but in the Dominion the movement, because of physical circumstances, will be more swift and drastic," he said. "Rationalizing has taken the place of the casual developments of the old days. In this new state of things, the citizen is finding new opportunities as well as new restrictions. He has the task not merely of industrial construction but also of personal adaptation."

"There is always something dramatic in the spectacle of a great nation marching through a great revolution to a new destiny," said the distinguished author who will be Canada's next Governor-General. "To have some part in it, even as a watcher behind the scenes for that will be my role—is a privilege of which I am more proud than I can say."

BOOK POSSIBILITIES
 Referring to Canadian literature, Mr. Buchan said he had not laid the same of any of his books in the Dominion.

Mr. Buchan will be accompanied to Canada in October by Mrs. Buchan and their youngest son, Alexander, who is still a student at the University of Toronto. They also have one daughter and two other sons. Mr. Buchan is a member of the Order of St. Michael and St. George, and is a close friend of the Duke of Westminster and the Duke of Devonshire.

Liberals Protest Long Holiday For Commons At Easter

Canadian Press
 Ottawa, April 8.—Taking advantage of a member's privilege to hold up the passage of financial resolutions, Hon. Ernest Lapointe, Liberal, Quebec East, today raised serious objection to a five-week adjournment of Parliament at Easter.

Mr. Lapointe moved an amendment to the motion of Finance Minister E. N. Rhodes to resolve the House into committee of ways and means on the budget resolutions.

When Parliament was called to conduct public business its session should not be interrupted by a long adjournment, except for grave reasons, said Mr. Lapointe. He cited reasons advanced by Conservative members against an adjournment in the session of 1925. That was when the Prime Minister (Mr. Mackenzie King) was fighting an election campaign for a seat in the House, and there was an urgent need of reorganizing the government.

ALBERTA HAS SNOW BLANKET

Canadian Press
 Calgary, April 8.—Farmers of Alberta to-day viewed blizzard-swept fields, with six to eight inches of fine, wet snow blanketing the south country, and a less heavy fall reported to the north.

Starting Saturday, the storm swept southward, reaching blizzard proportions Sunday and early to-day, but it did not worry the farmers whose spring work was halted. The additional moisture will put the seed-bed in good shape and aid pasture land.

Heavy drifts were piled along south-coast highways to-day, and transportation services were badly delayed.

Temperatures remained high, and predictions were for a continuation of the high winds and more snow Tuesday.

Rare Disease Baffles Doctor

Jugoslavian Girl Slowly Bleeding to Death at Windsor, Ont.

Canadian Press
 Windsor, Ont., April 8.—Afflicted by a rare disease, which is believed impossible to cure, Eva Knisel, twenty-eight-year-old Jugoslavian girl, is slowly bleeding to death in a hospital here.

The malady, diagnosed by her physician, Dr. M. Levin, as thrombocytopenic purpura, causes the blood to lose its coagulating power, and, remaining liquid, it is slowly seeping through the mucous membranes of the young woman's body.

Miss Knisel was first stricken last Thursday, when she began to bleed from the gums. Believing her teeth responsible, she consulted a dentist, who in turn called in Dr. Levin. The latter ordered her removal to the hospital.

Since the first symptoms the young woman has undergone four blood transfusions.

In the few previous cases of the disease which have occurred blood transfusions have offered the only relief, said Dr. Levin.

Miss Knisel is conscious, and seems to be suffering no particular pain.

Chicago, April 8.—Death-dealing tornadoes, blizzards, snow, floods, rain and dust storms mopped the United States weather map Sunday.

Twisting winds and lightning of week-end storms killed at least thirty-four persons in the southern states, fourteen of them in Missouri. Eight died at Glouster, six at Ullinburg and three unidentified negro children on a plantation fourteen miles from Woodville. Nine were believed drowned in Louisiana following the overturning of a houseboat by a high wind.

Alternating snow and rain swept the Midwest. Snowploughs chattered on the northwestern Missouri highways, clearing the roads after a fall ranging up to six inches at Macon.

The snow covered parts of Iowa, Illinois, Missouri, Nebraska and Kansas. Threat of attendant cold brought some perturbation to farmers who had rejoiced in the gift of much-needed moisture.

The rain-swollen Green River routed more than 100 families from their homes in McLean County, Kentucky, as it rose eight feet above flood stage. The courthouse at Calhoun and the school house at Rumsey provided temporary shelter for refugees as an appeal for tents was forwarded to American Red Cross headquarters at Washington.

Manila, P.I., April 8.—Sealed reports received here today said Saturday's typhoon killed twenty-five persons in the town of Borongan, on the east coast of the province of Samar.

Virtually all the buildings in the town were destroyed, the reports added, and it was feared the death toll would be increased as later accounts arrived.

**DANZIG NAZIS
SHORT OF GOAL**

Though They Polled 60 Per
Cent of Votes, Failed to
Win Two-thirds Majority

Associated Press
Free City of Danzig, April 8.—A handful of Danzig residents, with the fighting spirit of Teutonic knights, succeeded today in thwarting Nazi ambitions to create a dictatorship in this free city as a step toward its reunion with the Fatherland.

Russia, while polling approximately 30.1 per cent of the vote in yesterday's Volzstag, or parliament, election, fell considerably short of the two-thirds majority required to wipe out opposition parties and make themselves supreme in the city's political life.

Approximately 30,000 Danzig voters, the majority of them German Catholics and Socialists, combined to defeat the hopes of the Hitlerites. The defeat was the first real defiance Nazism has encountered since it attained ascendancy in the Reich.

The outcome was regarded here as having far greater significance for the Nazi programme than its mere effect on the division of parties in the Volzstag.

Nazi leaders, on the other hand, believe the result would have been far different if the issue had been that of a clear cut plebiscite for or against the Nazis.

Final Figures
The final election figures were withheld for several hours after their tabulation, reportedly while the Nazis in charge of the election campaign communicated with Berlin. Finally Albert Forster, the Gauleiter, or district leader, stepped to a microphone to announce the results, which brought scant expressions of enthusiasm from Nazi throngs.

The figures showed the Nazi party received 159,043 of the 264,266 votes cast for the seven parties listed on the ballot.

The totals for the other parties were: Social Democrats, 58,813; Communists, 7,990; Catholics, 11,225; German Nationalists, 9,601; Front Fighters, 750; Polish, 8,310.

PRESTIGE INVOLVED
The Nazis actually gained 32,601 votes over their 1933 total, and retained their control of parliament. But they had staked their party prestige on their hopes for a two-thirds majority.

Had the Nazis won their objective, they not only would have been able to suppress their opposition, but alter the Free City constitution, subject to approval by the League of Nations, which carries general supervision over the district.

The Nazi gains came chiefly from parties which no longer are in existence. The Socialists lost 333 votes and the Catholics 1,277.

The deputies who will sit in the Volzstag are named by party leaders in accordance with the proportional vote each political element receives.

Bombay, India, April 8.—An explosion in a fireworks factory here yesterday killed at least twelve persons, including six children. The bodies were lying 500 yards as the blast rocked the countryside for miles.

Ruins surrounding the scene were blown into bits and buildings cracked open. Eleven were killed in an explosion in the same factory last October.

IT SAVED A FAMILY

"—the most important
institution in the world"

A Real Life Experience as told by Mr. H. R. McR.

"Mr. and Mrs. Jones were the parents of four children, all in their teens. Mr. Jones, a common laborer, took suddenly ill and died. We had dropped his life insurance (carried since his youth) six months before, saying he couldn't afford to pay the premiums.

Folks said "Poor Mrs. Jones! But, she wasn't poor! Mr. Jones had let his dividends accumulate. Unknown to Mrs. Jones they kept the policy in force and to her joy three thousand dollars, the face of the policy, was paid in full when The Great-West Life was reported to Mrs. Jones was able to live comfortably and give her children a good education. Today, one of them is a teacher, another a nurse, in all they are making this old world of ours a better place in which to live.

This policy did not save a business, nor a farm, but a family—the most important institution in the world."

H. R. McR.

**Men of Action
would rather talk
than write...**

Because talking is the quick, direct way to deal with other people, men of action would rather transact business by long-distance telephone than by writing.

The long-distance telephone is such an easy way to reach people. Just say a few words to "Long Distance" and she will do the rest.

And when you reach the distant person you can talk with him as easily as though you both were in the same room. To reach an understanding with someone there is no quicker, more efficient way than by conversation. The long-distance telephone gives you the advantage of conversation with distant people without the cost of travelling to where they are.

THREE YEARS FOR ROBBERY**Judge Sentences Hugh Pettigrew; Suspended Sentence Asked For Owen**

Hugh Pettigrew was to-day sentenced to three years in the penitentiary for his part in the robbery of Robson's store, Esquimalt, last January.

After sentencing Hugh, Judge Lamphson who found him and his brother, Owen, guilty last Friday, adjourned sentencing Owen until 2:50 o'clock this afternoon.

This was done after D. S. Tait, defence counsel for Owen, pleaded for suspended sentence for him as it was his first offence.

Prosecutor Henry C. Hall, K.C., brought out that Hugh had a criminal record, having been found guilty of crimes in both British Columbia and Seattle.

Sergeant Harvey William Kemper of the Seattle police went in the stand this morning and identified Hugh as the man caught and sentenced for the robbery in Owen.

He brought over the necessary legal documents to prove the conviction.

MAYOR SPEAKS FOR OWEN

For Owen, however, a number of persons came forward and went on the stand to testify as to his good record.

A. J. Patton, counsel for Hugh, pleaded that the judge in sentencing should take into consideration the fact that he had been in jail since January 12.

"It is fortunate for Owen that so many people have come here to give him a good character," said the judge. "I sentence Hugh to three years to count from January 12 last."

The judge asked Mr. Hall if the prosecution would agree to suspended sentence for Owen, indicating that the court was inclined to accept Mr. Tait's suggestion.

Mr. Hall said he could not speak on his own authority, but would have to discuss the proposal with the Attorney-General's Department.

The judge adjourned the court until this afternoon to give Mr. Hall a chance to get the approval of the attorney-general for the suspended sentence.

ASK GRANT BE REDUCED

Close on the heels of a letter from the Victoria and Island Publicity Bureau, asking for the city of \$25,000, came a letter from the Victoria Bilingualists' Association requesting the grant be further reduced.

The publicity bureau directors had asked the reduction of their grant to its highest figure.

"We urge upon your honorable body to lessen the grant, feeling confident that the grant would be submitted to be voted against, especially in face of two such bodies now operating here."

The bilingualists' letter said in part: "We urge upon your honorable body to lessen the grant, feeling confident that the grant would be submitted to be voted against, especially in face of two such bodies now operating here."

Sorting Machine Intricate Device**Province Obtains its First Statistical Tabulator: Saves Much Clerical Work**

B.C. is equipped for the first time with a statistical sorting machine, an intricate device for maintaining multiple records which would otherwise require hours of detailed clerical work.

The equipment has been installed in the vital statistics branch where the majority of its work will be done. It is similar in construction to the scores of such machines used during the taking of the last Dominion census.

The sorter uses a card index on which are punched holes designating certain information. When it is desired to tabulate any particular point, the machine is set, the cards are thrown, and indicators select the cards with the information sought. In a few minutes it produces totals which would take clerks hours to obtain.

The machine is now being used in preparation of government statistical reports.

WELL-KNOWN TURF MEN PASS**Charles C. Emmert and William Gargan Died To-day**

Two well-known figures in British Columbia thoroughbred racing circles passed away in Victoria to-day.

At St. Joseph's Hospital, Charles C. Emmert, aged sixty-one years, died after a lengthy illness.

William Gargan, aged seventy-nine, also died this morning in St. Joseph's Hospital.

Mr. Emmert, who had a breeding ranch near Langford Lake, was one of the most popular of British Columbia race men and his death will be mourned by owners, trainers and race fans.

Born in Missouri in 1874, Mr. Emmert came out to the Coast to live four years ago from Edmonton. He had raced his horses on the Coast circuit for years, from Tia Juana to British Columbia.

The best horse in his string of recent years was the veteran Simony, which is from the English strain of St. Simon. Simony was retired to stud here and already the improvement in the blood for local breeding has been noted in the performance of his offspring. The stallion is stabled at the Langford ranch.

Surviving Mr. Emmert are his widow, Victoria, one son, Robert, in Seattle, and three brothers in the United States.

The funeral will be held Wednesday morning at 10 o'clock from St. Joseph's Cathedral, with the Rev. Father Albury officiating. Interment will be at Rose Bay. The remains are at McCall Bros. Funeral Parlors.

Mr. Gargan was of Irish stock and had followed the horse training business most of his life. He came to Victoria seven years ago and raced a number of horses on the Coast circuit each season. The remains are at Hayward's B.C. Funeral Parlors.

EXPECT TO USE MAIN BUILDING**Outlook Brighter To-day For Staging of Western Canadian Basketball Here**

While no definite action had been taken by the city to-day to overcome technical liability difficulties in connection with the proposed western Canadian basketball playoffs here, it was believed the series would be staged in the main building at the Willows.

In a statement to-day, Fire Chief Hansen said he would approve the use of the building, as far as he was concerned, provided the accommodation was limited to 1,500 and clear aisles were secured for the three exits from the building.

The building has a door of each of its four sides, but the north door is boarded up. According to the fire chief, if the spectators were limited to 1,500 the three available doors would provide ample egress from the building.

In his opinion a mountain had been made of a mole-hill.

The city building inspector further explained his inability to cope with the matter. As far as he was concerned, the limiting of spectators to 1,500 would give reasonably good assurance of safety. However, in view of the fact the structure is in the municipality of Oak Bay, he considered it beyond his jurisdiction.

While a definite opinion could not be secured from officials of the insurance companies who have underwritten the main building both for fire and public liability, some firms concerned favored the waiving of insurance clauses covering new constructions.

From other sources it was understood the British Columbia fire marshal would be brought from Vancouver to look over the site.

Victoria West In Cup Football Win

Rally in Second Half to Defeat Esquimalt 4 to 2 in Local Final of Province Cup Competition; Will Meet Nanaimo in Island Final

Smashing through for three goals in a great second half rally, after being down 2 to 1 at half-time, Victoria West defeated Esquimalt 4 to 2 at the Athletic Park on Saturday afternoon in the local final of the Province Cup soccer series. The West, by their victory, earned the right to oppose Nanaimo in the island final here. Saturday's match attracted a large crowd.

Comeback of the West in the second half was a decided surprise to the crowd. In the opening period Esquimalt enjoyed a decided edge and succeeded in getting two goals up with the West cutting the margin to one before half-time. After the interval, however, the green-shirted were all over their opponents and after they had tied the score Esquimalt literally went to pieces. Both the Doctors' forward and back divisions became disorganized with the result the West had for the better of the play.

The two goals that gave the West victory came in the result of free kicks, one a penalty, awarded against Jack McElroy for hands. McElroy was substituted in the second half for Joe Watt on the half-back line.

Opening the game with only ten men the West were forced on the defensive in the early stages with Roy Barnes coming on the field after five minutes play to bring both clubs to full strength. The West broke away on the right flank and with a good scoring chance Gordie Bell, outside right, passed to G. Fure who drove a weak shot at De Costa with a wide open goal.

At the other end of the field Russell, West's goalie, came out of his net to block from Esquimalt. The West broke away on the right flank and with a good scoring chance Gordie Bell, outside right, passed to G. Fure who drove a weak shot at De Costa with a wide open goal.

Keeping on the offensive, Esquimalt made it 2 to 0 a few minutes later when Barnwell, outside left, banged home a cross from Watt on the right wing. Two goals down the West, who had been playing ragged football, rallied and Robinson and Glancy tested De Costa with long shots. Esquimalt came close when Holmum hit one of the uprights with a hard drive. Just before the interval the West got their first goal. Lefty Fure finding the corner of the net with a twisting shot.

To start the second half the West substituted Lambie for Glancy on the left wing. It proved a good move as the youngster was a continual source of worry to the Esquimalt halves and backs. Russell moved the West when he leaped across his net to turn aside a hard shot from Stewart for a corner. On the corner kick Stewart headed Watt's cross past the post. The West passed up a great chance when G. Fure had an open net in front of him but he shot wide to the right at De Costa. At this stage McElroy replaced Joe Watt.

The West tied the score on a pretty goal by Archie Fure. Roy Barnes tried a long shot and the forward deflected the ball into the corner of the net with his head, leaving De Costa helpless. The goalie having started across his goal to block Barnes' original shot, Russell made two great saves from Stewart to keep the West on even terms.

At the thirty-five minute mark the West went into the lead. McElroy handled just outside the penalty area. Barnes cut in a low shot and Bell back-headed it into the corner of the

SUNDERLAND FAILS AGAIN

Passes Up Another Chance to Gain on Leading Arsenal in English Football

London, April 5.—Sunderland, trailing Arsenal by three points in the race for English soccer honors, once again has failed to seize an opportunity to gain on its rivals.

While the mighty club, without the services of five star players, was held to a draw by Chelsea, the Boker Park side could do no better against West Bromwich Albion Saturday. Manchester City also finished defeated against Everton.

Before 50,000 spectators the weakened Gunners scored two goals in fourteen minutes through Drake and Compton, the latter from a penalty. In the second half the Pensioners equalized with goals by Barracough and Spencer.

Twenty-five thousand turned out for the game at Maine Road, featured by Manchester City's great recovery. Leyfield tallied twice for Everton. The home team put up a plucky battle after the interval, Elton reducing the margin and Heale equalizing just before time.

Sunderland started off in great fashion against West Bromwich Albion, cup finalists, at Hawthorne. Gallacher headed in after six minutes. After the rest period, Sandford equalized from a penalty.

Tottenham Hotspur could do nothing against Sheffield Wednesday, the other cup finalist. Law and Palethorpe notched two quick goals before half-time and after the resumption Law put his side further ahead. Rimmer completed the rout. Tottenham's plight at the bottom of the first division is now almost hopeless.

Brentford continued to win consistently in second division play. The Bees defeated Swansea Town 1 to 0. As in the first division, three points separate the leaders. West Ham United, runner-up, kept pace by winning 1 to 0 from Bradford City. Bolton Wanderers dropped into fifth place, losing 1 to 0 to the Argyle at Plymouth.

A KEEN MATCH In a hard struggle at Warrington, Charlton Athletic, at the moment thirty-division leader, dropped a point. The first half was scoreless and White drew first blood for the sea-siders. Smith equaled from a penalty. Robinson putting the Londoners ahead. White brought the score level again five minutes before the end.

The ding-dong battle at the top of the northern section is still hot. Chester fell before Barrow 4 to 2 and now shares top place with Doncaster Rovers and Tranmere Rovers. Doncaster was successful 1 to 0 at Rochdale, while Tranmere trounced Crewe Alexandra 5 to 1.

Results of games played last week in the city snooker championship follow:
